

FISH TALES

February 11, 2022

Shark Week and Penny Wars!

The Winter Shark Week is finally here! Student Council selected the themed days for next week. All students who participate will help to earn points for their grade.

Students Council is also running Penny Wars in conjunction with Shark Week. In this competition, all grades will have their own giant penny jar. Students can add coins to their own jar to add points. They can also add bills to any other grades' jar to subtract points from that grade! All proceeds go towards supporting Student Council in the preparation for Field Day. The winning grade of Shark Week and Penny Wars will get their choice of grade-wide prize!

January Student of the Month

Congratulations to Rashel Garcia, Groton, CT, on being selected as the first SOM of the new year! Rashel has shown tremendous growth this year stepping out of her comfort zone and being a leader. She is an active member of the Safe School Climate Committee and was the designer of the "Stars" Advisory activity. She approached the administration advocating to do a school wide activity that would promote kindness and bring everyone together. She is known at MSMHS as someone who is always kind, helpful, and respectful. Teachers also noted Rashel's awesome creative side! Congratulations!

MADD Presentation

MSMHS hosted a speaker from Mother's Against Drunk Driving who presented to all juniors and seniors during Advisory recently. CT received a grant for this Power of Youth Program to be offered for free in CT schools. MSMHS students were able to hear about the effects of alcohol and drugs on teens and how it impacts driving. MADD is hosting their next "Walk Like MADD" fundraiser at Foxwoods on April 30th. Proceeds go towards funding more programs to help youth make better decisions behind the wheel.
